

**PROCTER & GAMBLE NIGERIA
FRAUDULENT EMPLOYMENT DISCLAIMER**

It has come to our attention that certain organizations and individuals, misrepresenting themselves as Procter & Gamble Nigeria agents, are offering fraudulent employment opportunities with the intent to steal personal information or solicit money from job seekers who would want to work with P&G.

One of P&G's core values is integrity and we want to help potential employees avoid this.

- P&G would never ask a potential hire for money as a term of employment or to pay for application processing fees;
- Any employment would only be as a result of successfully completing our application process as detailed on www.experiencepg.com;
- If you suspect that you have received a fraudulent employment request, kindly ignore the correspondent and send the message to your local law enforcement agency. You may also contact us on 01-7749727.

We urge the public to be vigilant and to thoroughly check the authenticity of communication they receive.
