

Since its creation in 1973, Dawn dishwashing liquid has been known for superior grease-fighting power. It's so effective on dishes, pots and pans, that over the years, consumers have used Dawn on other greasy messes around their homes, from kitchen appliances to oily spots in the garage.

Animal rescuers have even discovered that it's a great way to remove grease from animals in oil spill cleanups. As a result, Dawn has helped conservation organizations save thousands of animals for over 30 years.

Today, Dawn has grown into an international family of products that is dedicated to innovation and that answers consumers' ever-changing needs.

Ultra Dawn® (Original)

Ingredient

Water
Sodium Lauryl Sulfate
Sodium Laureth Sulfate
Lauramine Oxide
Alcohol Denat.
Sodium Chloride
PPG-26
Sodium Hydroxide
Phenoxyethanol
Methylisothiazolinone
Fragrance
Red 33
