Material Name: Oral-B STOP Gel - Cinnamon

Prepared by: Jill Karner, CIH
Issue Date: December 10, 2007
Last Reviewed: 04/19/2000

SECTION II – COMPOSITION AND INGREDIENTS

Hazardous Ingredients as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA. These substances are listed because in their pure bulk form, they meet the OSHA definition of hazardous. Any hazards associated with this finished product are listed in Section III of this MSDS.

Principal Hazardous Components:  CAS Number  Conc. %  Exposure Limit/LC50/LD50
Glycerin        56-81-5    < 95%       10 mg/m³ (ACGIH) (mist)
Silicon Dioxide 112945-52-5 1 – 5       20 mppcf (OSHA)

SECTION III – HAZARDS IDENTIFICATION

Emergency Overview: This mixture is a product regulated by the FDA. Within the meaning of the OSHA Hazard Communication Standard [29 CFR 1910.1200]: this mixture is not considered a hazard when used in a manner which is consistent with the labeled directions.

Eye:  May produce transient superficial eye irritation.
Skin: Prolonged exposure may produce transient irritation.
Inhalation: No applicable information has been found.
Ingestion: Ingestion of between 5 and 15 mg/kg fluoride may cause nausea, vomiting, muscle weakness and shock. Ingestion of greater than 15 mg/kg fluoride would be expected to cause all of the above symptoms. In addition, cardiac arrhythmias and circulatory collapse may occur. A 4 oz tube of this product contains 120 mg of fluoride.
SECTION IV – FIRST AID MEASURES

Eye: Flush eyes with water for 15 minutes.

Skin: Discontinue use. See physician or dentist if symptoms persist.

Inhalation: Seek medical attention if irritation or other symptoms are present.

Ingestion: If a large amount has been ingested, administer milk or water and contact a medical professional for further advice.

Additional First Aid Measures: Note to Physician – ingestion of greater than 15 mg/kg fluoride is potentially fatal, so immediate medical treatment is vital.

SECTION V – FIRE FIGHTING MEASURES

Flash Point: > 200° F

Flash Point test method:

Closed Cup Flash Point (CC)

Auto-ignition Temperature: ☒ Not applicable ☐ Not available

Flammable Limits (% by volume in air)

LEL %

UEL %

Extinguishing Media: Use water spray, alcohol foam, or carbon dioxide.

Explosion Hazards: Material will not burn.

Special Instructions: None

SECTION VI – ACCIDENTAL RELEASE MEASURES

Personal Safeguards: Avoid excessive contact and contact with the eyes.

Environmental Precautions: Prevent from reaching waterways. Landfill for small quantities. Contain spilled material.

Spill Clean-up Procedures:

Industrial: Wipe up with sorbent material. Collect and place in a suitable disposal container. This material is not known to possess additional hazards when spilled, beyond those of other non-hazardous solids.

Household: Product used in household may be disposed of in refuse or sewer.

SECTION VII – HANDLING AND STORAGE

Recommended Storage Temperature: None

Personal Precautions for Safe Storage and Handling: None

Conditions for Safe Storage: Store in cool dry area.

Other Precautions: None

SECTION VIII – EXPOSURE CONTROLS, PERSONAL PROTECTION

This section only applies to the product when used in an industrial setting.

Ventilation: Good general ventilation is sufficient for control.

Eye Protection: Wear safety glasses with side shields.

Respiratory Protection: None

Skin Protection: For brief contact normal work attire is sufficient.

Other Special Protection: None

### SECTION XII – ECOLOGICAL INFORMATION

Relevant ecotoxicity and fate data for ingredients in this formulation have been reviewed. Under normal and foreseeable consumer uses, there are no concerns for aquatic organisms exposed to product ingredients at the anticipated environmental concentrations. The surfactant(s) used in the formulation biodegrade rapidly and do not accumulate in the environment. The product is compatible with down-the-drain disposal routes, including municipal wastewater treatment processes and septic tank systems. This product is intended for dispersive use and should not be disposed of directly into the environment.
### SECTION XIII – DISPOSAL CONSIDERATIONS

**Waste Disposal Method:** Disposal is to be performed in compliance with Federal, State/Provincial and Local regulations.

**Households:** Product used in household may be disposed of in refuse or sewer.

**Industrial Setting:**

### SECTION XV – ADDITIONAL REGULATORY INFORMATION

The product(s) described in this Material Safety Data Sheet are regulated under the Federal Food, Drug and Cosmetics Act and are safe to use as per directions on container, box or accompanying literature (where applicable).

**US Federal:**

- **EPA Registration Number:** Not Applicable
- **TSCA:** All intentionally-added components of this product are listed on the US TSCA Inventory.
- **SARA 313/302/311/312 chemicals:** None

**US States:**

- **California:** This product has been evaluated and does not require warning labeling under California Proposition 65.
- **California Registration Number:** None
- **State Right-to-Know and CERCLA:** The following ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.

### SECTION XVI – OTHER INFORMATION

**DISCLAIMER:** This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company’s knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Procter & Gamble assumes no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.
